To Whom it May Concern-

It is my privilege to enthusiastically recommend Mrs. Karina Ulibarri to any educational leadership position or program. Karina is highly dependable, taking on additional responsibilities and roles far beyond her current role. Her ability to lead others in our school committee meetings and her decision making abilities shown during Local School Leadership Team meetings makes her invaluable to the work we do to support our school's educational initiatives and decisions around professional development needs.

This year Mrs. Ulibarri served as a mentor to a teacher new to the field. Her style of support and encouragement helped to mold her mentee into the confident and competent educator she is today. Karina leads with patience and kindness, which helps her to be well received by her colleagues.

Karina's proactive work on our School Wide Positive Behavior Support Team has helped our school address behavior challenges with a multi-tiered approach. She has been instrumental in defining appropriate responses to varying levels of behavior infractions. She had modeled how and when to provide necessary accommodations and positive behavior strategies to support students in need.

During our Instructional Rounds Mrs. Ulibarri supported grade level teams in using data to identify our Problem of Practice and guided discussions around goals and data points to monitor achievement related to areas of need. Our staff benefited from Mrs. Ulibarri's insight and data analysis as she shared meaningful strategies to increase student engagement with all staff.

Mrs. Ulibarri's of intelligence, excellent work ethic, love of the work she does to support student achievement, and her supportive and kind nature makes her an excellent candidate for any educational leadership role or program.

Please call if you have any additional questions.

Sincerely,

Krista Bella, Principal
